Project of the Year

Support Yuva Initiative

Support Yuva Initiative

Our beloved Nupur and Amit had a fatal accident on 4th of June 2024. Nupur and Amit were wonderful parents, our beloved friends and most importantly, wonderful human beings. They touched the lives of people around them. They left behind, a 4 year old son Yuva.

The family were all devastated by Nupur and Amit's loss and were not prepared for the high cost of Yuva's future education which is an expensive affair for his retired grandparents to bear. Since Yuva is just 4 and will require funds till he finishes his higher studies, we started a campaign to support Yuva's future education expenses till his post Graduation.
